JAROSŁAW PACOCHA

I am a self-taught Python and web developer with experience in testing. Some time ago I decided to change my career path and I've been on the journey of continuous learning ever since. I am highly motivated to be a valuable team member and to develop skills that are in demand. In my free time I read, follow tech and financial markets.

EXPERIENCE

LOT Polish Airlines - Flight Attendant 12.2016 - currently

- Over 4200hrs of flight time experience, including customer service and safety management on board multiple types of aircrafts
- Team work with crews of up to 12 crew members, every day use of English in multicultural interactions, use of JIRA and MS Office suite

Haxel Events & Incentive - Marketing & Social Media Manager 01.2015 - 03.2016

- Managing social media channels, coordinating marketing campaigns
- Data and mobile application coordinator on client side
- Project support on-site and in the field

Testronic - Quality Assurance Tester 11.2014 - 01.2015

- Manual tester for online role playing web game
- Bug reporting, proposing solutions and further tests

EDUCATION

Warsaw University of Life Sciences 2008-2011

- Bachelor's Degree, Tourism and Recreation
- Interfaculty studies, scholarship, final score: 5
